

COVID-19

Dog Park Guidelines

- Follow CDC Guidelines and practice good hygiene at home. Sanitize your hands before and after your visit to the park.
- Wear your face covering during your visit.
- All users of dog parks and their dogs should practice social distancing of at least six or more feet.
- Maintain enough control over your pets via leash or voice control to comply with social distancing guidelines.
- Dog park amenities, including shared water dishes, toys, and other materials, should not be used by dogs or handled by visitors.
- Visitors of the dog park should supply their own bags associated with dog waste in the event there are none available onsite and take dog waste with them if designated trash receptacles are not available for normal use.
