

# How to Safely Trick or Treat

# In Greenfield During COVID-19

## For Those Passing Out Candy

- 1) If you are distributing candy, premade goodie bags are best!
- 2) Personally hand out candy and DO NOT leave candy in a bowl outside (To avoid multiple hands touching it)
- 3) Wear a mask when children arrive at your door
- 4) Wash hands frequently

## For Those Trick or Treating

- 1) Wear a mask. You can even incorporate it into your costume!
- 2) Open your bag and have people drop goodies inside instead of handing them directly to you!
- 3) Wash hands before and after you go out and sanitize in between.
